

## DEMOCRATS REFUTE INSINCERITY TALK

Deny Charge That They  
Fear to Control the  
Next House.

Democrats in the House are rather indignant over the report that the next two years in order that they desire to carry the next House, but would rather have the Republican party shoulder all responsibility for legislation for the next two years in order that Democracy may have, perhaps, a better show in national election year.

Representative Lloyd, chairman of the Congressional Campaign Committee, says such a presumption is preposterous. The Congressional Committee is already at work mulling out speeches of such Republicans as Senators Doherty, Cummins, Beveridge, and La Follette. The manner in which these Republican progressives have raked the regulars over the coals the past few months will turn a vast number of votes into Democratic channels, believes the Congressional Committee.

### Precedents Cited.

There is a precedent so to demonstrate that this condition of affairs has been seen in past years without detriment to the Democrats in the national election following.

President Garfield was elected with a Republican Senate and House—the Forty-seventh Congress. It passed the Morrill tariff act. Following Garfield's assassination, Arthur became President, and the Forty-eighth Congress saw a Democratic House and a Republican Senate. When the national election rolled round two years later, Grover Cleveland was elected, with a Democratic House.

In 1888 the Republican swept the country and Harrison occupied the Presidential chair. The McKinley tariff bill followed. Two years later the Democrats again overwhelmingly came into power in the House, Crisp, of Georgia, being Speaker.

### Cleveland Again Elected.

In 1892, again refuting the idea that it would be inimical to Democratic success in a subsequent national election if the party gained control of the House now, Grover Cleveland was once more elected President, and he carried with him another Democratic House, and for the first time in several decades, a Democratic Senate.

These precedents are not such as to cause Champ Clark and his followers to forsake the trial at this time in the hope of a still more glorious success in 1912.

At any rate, the Democrats are willing to shoulder the House management for the two ensuing years, and the guns are now being trained for the fight.

## "RED MEN," THEME OF FATHER CURRIER

The Rev. Charles Warren Currier, formerly pastor of St. Mary's Catholic Church of this city, but now connected with the Catholic Indian Bureau of America, yesterday delivered a lecture to the students of Georgetown University on the "Red Men of the Nation." Father Currier's lecture was well received by the students and a suggestion was made that a society be formed by them for the purpose of studying Indian history, and aiding in the education of the Indian children.

## PRESS CLUB HEARS LOUISIANANS TALK

Members Enthusiastic Over  
Plan to Celebrate Open-  
ing of Canal.

Members of the National Press Club are enthusiastic over the plan to celebrate the opening of the Panama canal. They have resolved to lend their aid in the cause of the Louisiana delegation which is in Washington relative to the proposed celebration.

The writers and their friends last night listened to half a dozen speeches about Louisiana, and New Orleans, in particular, and the South in general. The occasion was a smoker in the club rooms in honor of the visiting delegation.

President Dodge, president of the club, welcomed the guests. Those who spoke were Governor Sanders, Mayor Martin Behrman, of New Orleans; Philip Werlein, president of the New Orleans Progressive Union; G. G. Dawe, managing director of the Southern Commercial Congress; T. O. Thompson, Representative R. P. Broussard, and Charles Janvier. The speakers all told why New Orleans should be chosen for the exposition.

Representative Broussard gave a reception at the Willard Hotel this afternoon in honor of the visitors, which members of the Press Club attended.

## SAYS SOME HOGS LIKE TO BE CLEAN

Breeder At Farmers' Banquet Has  
a Good Word to Speak for  
the Porkers.

JOLIET, Ill., March 15.—Addressing a farmers' banquet, Howard Francis, a New Lenox township breeder of swine, in response to the toast "The Hog," said: "The hog is a sympathetic animal. It is susceptible to kindly treatment and grows fatter in pleasant surroundings."

"It has generally been supposed," he continued, "that almost any old place was good enough for a hog, but in years of experience I have found that good, clean quarters are as much appreciated by the hog as by any other animal, and that it thrives under kindly treatment. This helps in a material way, because the animal grows fatter as a result."

## This Marvelous Health Vibrator Relieves Suffering Cures Disease

There is Only One DISEASE, Congestion  
There is Only One CURE, Circulation

When you hurt yourself you rub the spot. When your head aches you rub your temples. Why? Because vibration is Nature's own remedy, and rubbing is Nature's crude way of creating vibration and starting the blood to going. Disease is only another name for congestion. Where there is disease or pain there you will find the blood congested and stagnant. There can be no pain or disease where the red blood flows in a rich and steady stream. Good circulation means good health. Congested circulation means disease and pain.

Is the greatest discovery of the Twentieth Century. It is capable of giving from 9,000 to 15,000 vibrations per minute—100 times more than is possible with the most expert master of massage. It is a light, compact instrument, weighs twenty ounces, can be operated by yourself with one hand by moving the steel head over the rigid steel rod, and can be placed in contact with any part of the body. It is Nature's own remedy developed and concentrated, and with one minute's use sends the red blood rushing into the congested parts, removing all disease and pain.

WHAT IT DOES TO DISEASE AND PAIN.

Rheumatism, Sciatica, Lumbago, Gout, etc., are caused by uric acid in the blood in the form of urate of soda. This acid, through poor circulation at some particular part, gets stopped on its way through the system and, congregating, causes pain. Apply the Vibrator to the spot, and you will relieve the congestion and get relief at once.

Deafness, Head Noises, Ringing in the Ears, in most cases, are caused by the thickening of the inner membrane through catarrh or colds. To cure this vibration is the only thing, as it is the only way to reach the inner ear drum and loosen up the hard wax or foreign matter, so sound may penetrate to the drum.

Stomach Trouble, Indigestion, Constipation, etc., are caused by the food not properly digesting; it lacks necessary saliva and gastric juices, thus creating congestion in the stomach; forming gases, causing pains, bad breath, etc. Apply the Vibrator to the stomach; it settles the food down, releases the gases, regulates the action and brings about relief instantly.

## PLANS FOR PENSIONS DISCUSSED BY NEILL

Labor Commissioner Sub-  
mits Statement to Senate  
Showing Various Systems.

Labor Commissioner Charles P. Neill has submitted to the Senate a statement bearing upon the civil employees retirement movement, showing the operation of the pension system in the States, municipalities, and with the great railroads. He presents a volume of matter collected from all parts of the country giving the details of all pension systems now effective in the United States.

An outline of 219 pension fund plans of the various States and municipalities is embodied in the report. It includes the annuities paid to superannuated and disabled teachers, policemen, firemen,

and others in the service of the cities and States.

Commissioner Neill says the tendency in the teachers' retirement systems is to establish permanent reserve funds, which are maintained by the cities, States, and from the salaries of the teachers themselves. A small per cent of the salaries of the teachers is collected each month while annual appropriations are made by the cities and States.

In the case of policemen and firemen, about one-third of all the funds now created are sustained wholly by the municipalities while two-thirds are sustained by the employees and cities jointly.

Reviews are made of the pension systems of twenty-two big railways. Most of these funds are maintained wholly by the railway companies themselves and they have served to increase efficiency and long service on the part of the employees who are to benefit under the pension system.

## HOW TO FIND OUT

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling usually indicates an unhealthy condition of the kidneys. Too frequent desire to urinate, scanty supply, pain or dull ache in the back, should also convince you that the kidneys or bladder are out of order.

### What to Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney, liver, and bladder remedy, cures almost every ailment in relieving pain in the back, kidneys, liver, bladder, and every part of the urinary passage. It corrects inability to hold urine, and scalding pain in passing it, or bad effects following use of liquor, wine, or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate.

The mild, pleasant, and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful results in the most distressing cases. If you need a medicine, you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in The Washington Daily Times. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
